Why did you chose AMBS?

Naman Jain
Class of 2018

"Alliance MBS was among the top 10 schools to study entrepreneurship in the world. Fortunately, it was one of the best decisions I have ever made. Not only did I learn a lot of real life skills, I also made friends with other aspiring entrepreneurs from all over the world."

"I, along with a team of 3 others, am responsible for finding and selecting the best start-ups from all over the world to attend Startup Grind's Global Conference in Silicon Valley. "

How did your time at AMBS help you in your current role?

"I submitted my dissertation on the 3rd September 2018 in Manchester and joined Startup Grind's London office the next day. It is one of the largest communities in the world for start-ups and entrepreneurs with its presence in 600 cities worldwide.

"The Postgraduate Careers Service is very helpful, so please take advantage of that. Try to use personal connections to get interviews rather than relying just on applications. So network and take advantage of the high quality of students at Manchester!"
